Dear Friends:

This is the twenty-ninth annual edition of the **Masonic Scholarship Resource Guide**, printed by the Pennsylvania Masonic Youth Foundation. It should be a vital resource to students, parents, youth group advisors, and academic administrators. We trust that this booklet will help you in locating available grants and loans for which you may be eligible. The full text, and application, is also available on the internet at:

www.pmyf.org

Education and fraternalism is vital to the Masonic Lodges throughout Pennsylvania. Through the Pennsylvania Masonic Youth Foundation we are providing training and educational opportunities for thousands of young people, who will be a beneficiary of this charity for years to come. If you have any questions regarding this guide, the scholarships listed, or any of the other information provided, please contact the Pennsylvania Masonic Youth Foundation at your convenience.

Who Are the Masons, and Why Are They Interested in My Education?

Freemasonry is the world's oldest and largest fraternity. Its history and tradition date to antiquity. Its singular purpose is to make good men better. Its bonds of friendship, compassion, and brotherly love have survived even the most divisive political, military, and religious conflicts through the centuries. Freemasonry is neither a forum nor a place for worship. Instead, it is a friend of all religions that are based on the belief in one God.

Many of our nation's early patriots were Freemasons, as well as 13 signers of the Constitution and 14 Presidents of the United States, including George Washington.

Today, the more than three million Freemasons around the world come from virtually every occupation and profession. Within the fraternity, however, they all meet as equals. They come from diverse political ideologies, but they meet as friends. They come from virtually every religious tradition, but they all believe in one God.

One of the fascinating aspects of Freemasonry has always been how so many men from so many different walks of life can meet together in peace, avoid political or religious debates, conduct their affairs in harmony and friendship, and call each other "Brother!"

Freemasons are respectable citizens who are taught to conform to the moral code of society and to abide by the laws of the government under which they live. They are men of charity and good works. They care about the future of our country, which is why they are interested in your education!

General Information

THE MASONIC FRATERNITY

Freemasonry is a fraternity that inspires its members to be better men, better husbands, better fathers, and better citizens. It is not a religion, but, like many other good community organizations, requires its members to believe in God. The moral philosophies of Freemasonry have been accepted by world leaders, including Simon Bolivar and Winston Churchill. Fourteen Presidents of the United States were Freemasons, including George Washington, Andrew Jackson, Theodore and Franklin Roosevelt, Harry Truman and Gerald Ford. There are Masonic Lodges throughout the world. The fraternity is known for its great charitable works on behalf of the disabled and underprivileged. American Masonic philanthropies provide over \$1,500,000 each day to charitable endeavors, with close to 60% going directly to the American public.

MASONRY'S COMMITMENT TO YOUTH

The youth groups sponsored by Freemasonry reflect its commitment to the young men and women of our country. Each of these youth groups require of their members clean living, honesty, patriotism, and service. Their programs are designed to supplement the lessons learned in the home, the school and their religious institution of choice. They are not junior Masonic orders, but are sponsored by Masons who provide adult leadership, a place to meet, and an example worthy of emulation. The aim of each of these groups is to provide good, wholesome fun, combined with opportunities to give back in service to the community.

THE ORDER OF DeMOLAY is for young men between the ages of 12 and 21 years. The Order was named for Jacques DeMolay, the last Grand Master of the Order of the Temple, who was burned at the stake in 1314 by the King of France for refusing to yield the allegiance and wealth of the Templars to the crown. The Order

teaches fidelity to ideals, toleration of the beliefs of others, good citizenship, leadership, public speaking and more. It includes a wide variety of social, athletic, and civic service activities. There are 20 Chapters in Pennsylvania. Visit www.pademolay.org.

THE ORDER OF RAINBOW is for girls between 11 and 20, who are sponsored and supervised by Masons, Eastern Star or Amaranth members. Rainbow teaches faith, hope and charity, in a ritual written by W.

Mark Sexon, a Past Grand Master of Masons in Oklahoma, using the seven colors of the Rainbow as symbols of character building virtues. The Rainbow program teaches benevolence and service through a program of fraternal activities. Rainbow Girls meet in Assemblies, under the supervision of Masons and Eastern Star members.

There are 30 Assemblies in Pennsylvania. For more about Rainbow, see www.parainbowgirls.org.

JOB'S DAUGHTERS INTERNATIONAL is an organization for girls which requires all its members to have a family relationship to a Master Mason. However, if a young girl does not have that necessary relationship, she can join with the sponsorship of a Master Mason and a Majority Member of the Order. Girls between the ages of 10 and 20 years are eligible for membership. The story of the trials of Job serves as the basis for the teachings of Job's Daughters. The Job's Daughters raise money for the H.I.K.E.

Fund (Hearing Impaired Kids Endowment) and provide community service. Members have an opportunity to grow in their social and organizational skills. There are 8 Bethels in Pennsylvania. Visit PA "Jobies" at www.paiojd.org.

Instructions

for Applying for Pennsylvania Masonic Youth Foundation Scholarships

Please note that many of the scholarships in the Masonic Scholarship Resource Guide require the filing of a separate application. Read each scholarship description carefully. Contact information is included in each award description, and can be used to obtain additional application materials, where required.

GENERAL INSTRUCTIONS

1. You must use the current year's official application. Changes are sometimes made in the information required. Applications from previous years will **NOT** be considered.
2. You may obtain the current application on our website at www.pmyf.org ... click on the "Scholarships" button on the left side of the page. If you cannot access this application, you may request one from our office by phone or mail.
3. We **STRONGLY** prefer that you type your application. Both a blank printable form and a fill-in form are available on our website. Although you may type and print your application on our web-based form, applications cannot be submitted on line. You'll have to print and mail your completed application and supporting materials to us.
4. The **ON-LINE FILL-IN APPLICATION**:
 - a. You will need Adobe Acrobat Reader to open and fill-in the form. Version 5.0 or higher is recommended.
 - b. You will be able to type and print your application with the free version of Acrobat, but you will **NOT** be able to save your work, unless you are running the full commercial version.
 - c. We recommend that you save the blank form onto your computer, print a blank copy for a "rough draft" and then either type it and print it in one sitting, or type in and print one page or section at a time. *Remember that each time you close the .pdf form, you will lose all the information you typed into it.*
5. Complete all information. Where needed, mark items as "Not applicable" rather than leaving blanks.

6. Be sure to **include all required attachments**. Use the checklist provided with the application. **We will not consider incomplete applications.**
7. Check your work, including spelling and grammar. The neatness and correctness of your work will be considered.

MOST COMMON ERRORS

These are some of the errors we see most often. Many of these errors result in an application not being considered, or scoring too low to receive an award.

Incomplete applications. All questions and sections of the application are important. Don't leave blanks –if an item does not apply, write “Not Applicable.” **FOLLOW THE DIRECTIONS** on each section of the application.

“Contact me if you need...” Many applications come missing a required attachment or section, with a notation to contact the applicant if the information is needed. If we didn't need it, we wouldn't ask for it. It is your responsibility to follow up on these items. We will not contact you for information not included in your application.

“See Attached...” Although we welcome additional material to help us in our decision on your application, please do not use attachments as a substitute for “filling in the blanks” on the application. If information is not included in the application itself, it is very easy for us to miss it in the scoring process, and you could miss getting credit for some of your accomplishments or needs. Please fill in the application first, and then attach any additional material to elaborate if needed. It will be most helpful if you clearly label all supplementary material to indicate the sections of the application they are to accompany. Please do not include attachments not directly related to the information requested on the application.

“Mailed Separately...” We understand that some schools insist on mailing transcripts directly to us, and that other attachments might have to be mailed separately from your main application. Please recognize that there is a risk of these items not being considered in your application. Many applications stating that an eligibility verification or transcript was being “mailed separately” end up going un-considered because the separate materials never arrived. **Please make every effort to obtain all materials in advance and include them under one cover.**

Failing to attach proper financial documentation. A copy of your **PARENTS'** most recent tax return (unless you are no longer a dependent) OR a current copy of your FAFSA Student Aid Report **MUST** be submitted. Too many applicants send only a copy of their own return for a small part-time job. Our awards are based on *need* as well as *merit*. **If you are unable or unwilling to provide this information, please do not apply** –we will not consider your application without it.

Failing to attach required transcripts. Remember that you must send us an **official** transcript of your **last completed year** of school. If you are currently in your first year of college, a transcript of your **first semester grades** must also be included.

Missing verification of eligibility. You **MUST** submit written verification of your Masonic connection for consideration. This means a copy of your Masonic relative's *current* Lodge dues card, or a letter from the secretary of your Masonic relative's Lodge, or a letter from the appropriate Advisor of your Masonic-related youth group must be attached.

Late applications. Every year, we receive dozens of applications in the week following our deadline. Start early enough to complete your application, obtain all the necessary documentation, and get the application in the mail well before the deadline. We will penalize or disqualify late applications.

Failing to complete questions in a thoughtful manner. The content and quality of your writing matters. Most of our awards are highly competitive, and we receive many times more applications than we have awards to give. We are looking for thoughtful, reasoned responses to essays and other questions that give us an idea of your personality, abilities, and needs. If you simply write perfunctory answers without giving thought to them, it will show, and will reflect poorly on your chances for an award. Remember, you are communicating your needs and abilities. Give it an appropriate amount of time and effort.

WHAT WE'RE LOOKING FOR

Past applicants have often asked what precisely we are looking for in determining who will receive scholarship awards. Please remember that ours is a very competitive grant program, and that many well-qualified individuals may not receive awards in any given year. Here are the basic areas we look at and minimal standards we require.

BASIC ELIGIBILITY

To be eligible to receive a scholarship from the Educational Endowment Fund of the PA Masonic Youth Foundation, an applicant must be a child, step-child, grandchild, step-grandchild, sibling or dependent (IRS definition) of a member in good standing of a Pennsylvania Masonic Lodge, or who was in good standing at the time of his death; (Please note that membership in other Masonic bodies in Pennsylvania is irrelevant,) or a present or former member in good standing of one of the Pennsylvania Masonic-related youth groups, or a resident or graduate of the Pennsylvania Masonic Children's Home at Elizabethtown, or a member of a Pennsylvania Chapter of the Acacia Fraternity. Applicant must be a High School graduate, or a High School Senior who is pursuing higher education. This grant is only applicable to undergraduate tuition and fees. This is a highly competitive grant, and cannot be given to all who apply.

ACADEMIC PERFORMANCE

The level of your academic performance and achievements in the past is a major factor in our decision, and the average academic level of applicants is quite competitive. Please note that the academic section of the application specifies a minimum GPA of 3.0 for all applicants. If your GPA is below this level, you **will not** qualify for an award.

FINANCIAL NEED

Some very academically talented students do not receive awards because of our financial need standards. While we recognize that college is expensive for even the highest income families, we have based our standards on the range of incomes of our applicants. If your family has a large income, relative to the number of people in your household, you should not expect to receive an award. We do consider special financial circumstances if you make us aware of them.

FRATERNAL INVOLVEMENT

Although membership in Masonry or a Masonic Youth Group is not a requirement for receiving an award, it is a significant advantage. Be sure we know about your fraternal activities, as this can be a deciding factor when candidates have similar needs and academic qualifications.

OTHER ACTIVITIES

Although these do not receive major weight in our process, they have certainly made the difference in decisions between highly qualified candidates. Success in outside activities often correlates to success in higher education.
